

Training proposal for: XXXXX

Proposal date: XXXXX (proposal is good for 30 days)

Training Title: Place of Worship Firearms Development
& Active Shooter Security Workshop

Length: 3 hours

- DATE & TIME: TBA

Location: CMI

Quantity: As client directs

Prerequisite: Each student MUST be a CPL holder or a current or retired LEO.

Required equipment: Each student will need their own handgun (they can rent one if needed) and bring their own ammunition - 200 rounds (they can buy from us if needed). They must also bring a belt worn holster (no shoulder or ankle holsters for safety purposes). In addition, each student should bring their own eye and hearing protection (we will provide if they don't have their own) and be wearing long pants and shoes (no sandals or open toe footwear).

Cost: \$XXXXXX

- Includes instructor fee, all targets, eye and ear protection (if needed), range time, class time, certificate of training.
- All attendees must fill-out, sign, date and return CMI's training application and liability waiver one week in advance of this training.

Specifics for this class:

- 1 - Hour classroom; includes information to help guide security operations to help deter and respond to an active shooter.
 - **WARNING;** graphic video will be shown as a method of teaching and to provoke thought.
- 2 – Hours range time; review of firearms safety, basic marksmanship and then progresses into more dynamic live fire evolutions such as drawing from the holster, reloading, clearing malfunctions and low light engagements. The final block of instruction includes live fire engagements using our simulator where the students will have to use the proper judgment (shoot / don't shoot) in the use of deadly force while engaging moving targets amongst innocent persons fleeing from active shooters.
